

# **Summer 2017- 6<sup>th</sup>, 7<sup>th</sup>, and 8th Grade**

## **Math:**

The IXL program will be used for Math again this summer. Students entering 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> grade should review skills covered in class.

Students should first complete the skills that are a review of the year. Students should score at least 80% before moving on to the next set of skills. Students may challenge themselves and try more complicated problems on different grade levels.

Remember, this is for practice... have fun with it!
